Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Impending Crisis: Conditions Resulting From the Concentration of Wealth in the United States This is not a novel, nor a work of fiction; it is based on the facts of the Eleventh Census and other statistical reports, and on the most reliable authorities on these subjects. This book represents the most essential and fundamental features of the nation s situation. It shows the reasons why your cities rapidly become the property of a comparatively very few persons; why the American farmers lose their ground, and the urban population lose liberty; and why all become absolutely dependent upon a few multi-millionaires. It exposes the conditions in consequence of which the whole nation becomes a nation of mere tenants of farms and homes, paying rents; and, while the wealth increases, the greatest majority of the people come into desperate struggle not for pleasure, but for simple existence. In order to impart as much knowledge in regard to the situation of the nation as possible, it was found necessary to supply the readers with a sufficient comparison of statistical facts, pointing to the differences of averages made by different authorities on the subject.
