Allen Dowling had learned that in politics you didn't really have to be telling the truth, all you had to have was good sound bytes. His brief readings on the matter of healthcare internationally had shown him quite clearly that there is no such thing as socialized healthcare or socialized medicine as the Republicans were calling it. The American system was a hundred miles away from such a concept but President Robinson's adversaries continued to trot out this dog and pony show. The success of Medicare as a health program for older adults had proven that by delivering care for nearly fifty years now. Even the Republicans knew that if you wanted to start a political firestorm, just talk about eliminating Medicare or Social Security. The history of our times is the history of the computer. Starting with the personal computer in 1981, and progressing into the digitalizing of modern media, the computer is the core of progress and societal growth. Despite the starts and stops of the Dot Com bubble, the magnificent number crunching machine has produced...
