Brand New Book ***** Print on Demand *****.Linux for Beginners: A Complete Introduction To The Linux Operating System And Command Line This book contains proven steps and strategies on how to start using Linux Operating System and Command line easily and seamlessly. Modern computing relies on using a mouse and a nice GUI like those found on Windows PCs. That s nice for making the computer simple to use for those who have no experience with them, but it also has the disadvantage of limiting what can actually be accomplished with the powerful circuitry inside that computer. Before the modern GUI was introduced, users had greater flexibility and were able to give the computer specific commands for what to do. Programs were written at that level and launched the PC era. Just because Windows systems are so common, many people think they have no real choice, but that isn t so. Linux brings out the power of commands the same way the very first PCs functioned. The only challenge is how to actually start using Linux when you have never used it given that it...
