Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The 13th Amendment to the constitution or the Emancipation Proclamation guarantees freedom from involuntary servitude for all American citizens, correct? Have you ever read it? What you really have to look for is the Exception more than the rule. The condition that nullifies the rule carries more weight than the rule itself. Volume 4 in the series sets its sites on the machine that uses the exception to the 13th Amendment to incarcerate not just young black men, but all non-elite children. We look at the apathy and rebellion taught in our schools today and then we look at what the intended end result of this training is. If there was any part of you that felt that this condition in the schools grew organically, prepare to rethink that position! My wife and I have fought in this system for the better part of 6 years and can testify to you, that this is no fight that can be maintained by a single working parent. This is by design. Let s explore this System and its plans for your children.
