AuthorHouse. Paperback. Book Condition: New. This item is printed on demand. Paperback. 212 pages. This book contains twenty-two individual Scripture Studies. Each study focuses on one general area of study. These studies enable individuals to do in-depth, topical studies of the Bible. The sources for the opposing views presented are publications of groups that promote the ideas and personal conversations this writer has had with members of such groups and adherents to the views. Every effort has been made to ensure the accuracy of the Scripture references in these studies. But with the thousands of references presented, it is likely that a few typos have crept in. If the reader comes across a reference that does not make sense in the context presented, just go onto the next one. There are always plenty of verses listed for each point. It is my hope and...
