

Do You Live the Way You Drive?: Don't Look Now, But Your Spirituality Is Showing!

Filesize: 5.62 MB

Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Kian Harber)

DO YOU LIVE THE WAY YOU DRIVE?: DON T LOOK NOW, BUT YOUR SPIRITUALITY IS SHOWING!

iUniverse, United States, 2007. Paperback. Book Condition: New. 224 x 157 mm. Language: English . Brand New Book ***** Print on Demand *****.Who's in Your Driver's Seat? What's Driving You? Have you ever caught yourself saying, Where did that thought come from? Or Why did I do that? Often the simplest, seemingly ordinary reactions come from a deeper place and impact our decisions and actions. This book looks at common driving features (allows you to poke fun at your own or others driving) and then invites you to notice if your driving habits are just a routine, or actually expressions of deeply held values or principles. Delve into the six sections of each chapter: Driving; Living/Working; Reflection; Check the Engine, Source of Power; Questions; On Your Way. Enjoy the book yourself or with a book club or discussion, study or support group. This book is about integrating the various dimensions of our lives. If I were to ask you what your spirituality is, would I get a blank stare? The truth is we all have a spirituality (an inner life) and it affects us whether we notice or not. It can show up anywhere, even in your driving! I am hopeful that paying attention to it might encourage you to be more aware and reflective so that you might drive, work and live more intentionally, more freely and more fully.
