Tate Publishing Enterprises, United States, 2015. Paperback. Book Condition: New. 280 x 218 mm. Language: English . Brand New Book. PHARMACY TECHNICIAN CALCULATIONS - SIMPLIFIED is like no other calculation book currently on the market! Intended for the pharmacy technician, this book provides all the tools and guidance necessary to quickly review calculations used in the pharmacy and properly and effectively dispense medication(s). Not only is this the first book to include an alternative formula for allegations, this simplified review book is also essential for the reader who is preparing for the National Pharmacy Technician Certification Exam (PTCE). The streamlined steps provide both ease and accuracy of calculation and medication dispensation. No jargon, fancy words or complicated formulas are found in this simplified book. Straightforward steps, alerts, hints and key words were developed to support the interpretation of word problems. Chapter contents will quickly refresh the reader on the essential components of calculations required in the pharmacy through a straightforward, thorough and clearly outlined step-by-step process. Because the expectation of performing medical calculations-without error-has a reputation for being intimidating and one of the most challenging portions of the education process, each chapter is designed to speak to the individual as though a one-on-one session is conducted. The guidance and clear examples in this book will support the reader to stay motivated to persist as each section is mastered. Step-by-step instructions are demonstrated to tackle each basic concept respectively, with follow-up practice problems for essential skill building. Full practice sessions with detailed answer sheets demonstrating how each calculation/word problem is solved is an added feature to this book. Further appeal of this book is the use of text features to include color coding, bold, italics, alerts, vocabulary depiction, real-world pharmacy calculation examples, charts, the use of a conversation-like presentation style, and...
