

Insurance Report Volume 34, No. 2

By United States. Dept. of Veterans

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Original publisher: Washington, DC : Dept. of Veterans Affairs, Office of Inspector General, 2007 OCLC Number: (OCoLC)299070014 Subject: Veterans hospitals -- Evaluation. Excerpt: . . . Combined Assessment Program Review of the Clement J. Zablocki VA Medical Center, Milwaukee, WI Diabetes and Atypical Antipsychotic Medications - Patients Were Appropriately Screened and Managed The purpose of the review was to determine the effectiveness of diabetes screening, monitoring, and treatment of mental health patients receiving atypical antipsychotic medications (medications that cause fewer neurological side effects but increase the patients risk for the development of diabetes). VHA clinical practice guidelines for the management of diabetes suggest that: (a) diabetic patients hemoglobin A1c (HbA1c), which reflects the average blood glucose level over a period of time, should be less than 9 percent to avoid symptoms of hyperglycemia; (b) blood pressure should be less than or equal to 140 90 millimeters of mercury (mmHg); and (c) low density lipoprotein cholesterol (LDL-C) should be less than 120 milligrams per deciliter (mg dL). To receive fully satisfactory...

Reviews

A high quality ebook as well as the typeface employed was exciting to read. It is actually loaded with wisdom and knowledge You wont sense monotony at at any moment of the time (that's what catalogues are for concerning when you request me).

-- **Declan Wiegand**

Thorough information! Its this kind of good read. Yes, it is perform, continue to an amazing and interesting literature. It is extremely difficult to leave it before concluding, once you begin to read the book.
